

PRESS RELEASE

Antwerp, 13th August 2007

Unaudited first half consolidated sales update to 30 June 2007

Thenergo, a leading European Combined Heat and Power (CHP) clean energy company, announced its half year sales today.

	30/06/07
Electricity sales	1,311,189
Green and CHP certificate sales	1,007,477
Engineering services	4,686,417
Other	378,687
Total	7,383,770

Commenting on the year to date, Kurt Alen, Chief Executive, said:

Since the acquisition of Polargen in December '06, our natural gas CHP E-plants have accelerated their pace of growth, and our pipeline of biomass and natural gas projects continues to build strongly. Overall, the business has shown excellent performance so far this year and we remain confident that 2007 will be a year of significant growth.

About Thenergo

Founded in 2002 and based in Antwerp, Belgium, Thenergo is one of Europe's leading independent developers and operators of sustainable energy projects using biomass, biogas and natural gas.

Thenergo designs, builds, finances, trades energy and operates Combined Heat and Power (CHP) projects for its own account and on behalf of its clients.

To date, Thenergo has a gross installed capacity of 33.4MW for an annual electricity production capacity of 135 GWh. Since 14 June 2007, Thenergo has been listed on Alternext, Paris. (Ticker: ALTHE).
